Experience

Senior Frontend Developer

99 Technologies, Rawalpindi, Pakistan

Apr 2023 - Present

As a Senior Front End Developer, I have led a dynamic team of front-end engineers, driving the development of innovative web applications. My expertise spans a broad spectrum of technologies, including React JS, Rest APIs, Redux, HTML, CSS, JavaScript, Bootstrap, and Material-UI. I am committed to delivering exceptional user experiences and have consistently achieved key project milestones. Alongside my front-end skills, my experience with Node.js has deepened my understanding of backend processes, ensuring seamless integration and efficient API functionality. This dual competency has been instrumental in fostering technological innovation and elevating user satisfaction in our projects.
